SUMMARY

Full Stack Developer (MERN) with hands-on experience building and deploying production-style web applications with React, TypeScript, Node.js, Express, MongoDB, and SQL. Built multi-role platforms with authentication, role-based access control, Stripe subscription billing, REST APIs, and real-time features. Currently interning on live SaaS products; Top 32 of 1,500+ submissions at a national hackathon.

EXPERIENCE

Full Stack Developer Intern | WebIdeal Software Solutions | Remote | June 2026 – Sep 2026

- Build responsive front-end interfaces and user workflows for live SaaS products using modern web technologies.
- Develop back-end features, integrate APIs, and manage database operations as part of the engineering team.
- Work on AI and automation features, and contribute to testing, debugging, and product enhancements in collaboration with product and design teams.

PROJECTS

SafeLease: Property Management Platform | [Live Demo](#) | [GitHub](#) *React, TypeScript, Node.js, Express, MongoDB*

- Built a full-stack platform with three user roles (tenant, owner, admin), each with its own dashboard for managing properties, rent cycles, complaints, and notices.
- Engineered an automated rent cycle engine that handles recurring rent generation and tracking, removing manual billing work.
- Secured accounts with email OTP two-factor authentication and role-based access control.
- Added real-time notifications and branded transactional email delivery for end-to-end tenant-owner communication.

GolfCharity: Subscription Platform | [Live Demo](#) | [GitHub](#) *Next.js, Stripe, Supabase, Tailwind CSS*

- Integrated Stripe subscription billing with webhook-driven backend processing to handle payments and subscription status reliably.
- Built real-time dashboards for score tracking, monthly prize draws, and charity contributions.
- Designed the Supabase data model and user flows for subscribers, draws, and charity donations.

Meterly: SaaS API Platform | [Live Demo](#) | [GitHub](#) *Next.js, React, TypeScript, Node.js, Prisma, SQL*

- Designed a SaaS platform with authentication and tiered subscription plans.
- Implemented secure API key generation and per-key usage tracking.
- Built dashboards for monitoring API usage and managing subscriptions, on a normalized Prisma schema.

KARM Services: Booking Platform | [Live Demo](#) | [GitHub](#) *React, Firebase, Tailwind CSS*

- Built a service booking platform with user management and a self-service booking flow.
- Automated email notifications for booking requests, replacing manual back-and-forth coordination.

Other Projects

- **Art Gallery Management System** (PHP, MySQL): artwork showcase, customer enquiry handling, and admin panel. [GitHub](#)
- **Flight Management System** (PHP, MySQL, JavaScript): flight search, booking, and cancellation with an admin panel for schedules and bookings.

SKILLS

Languages: JavaScript (ES6+), TypeScript, SQL

Frontend: React, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express, REST APIs, Authentication (JWT, OTP 2FA), Role-Based Access Control

Databases: MongoDB, MySQL, PostgreSQL (Supabase), Firebase, Prisma ORM

Tools & Services: Git, GitHub, Postman, Stripe, Vercel

Also familiar with: Python, Java, PHP, C

HACKATHON ACHIEVEMENT

iDEA 2.0: ThreatLens, AI-Driven Early Warning System for Insider & Privileged-User Fraud | Team Dhurandhars | **Top 32 of 1,500+ submissions**

- Built an AI-driven early-warning system that detects internal and privileged-user fraud through behavioral anomaly detection and multi-step attack-chain monitoring.
- Analyzed suspicious access, off-hours activity, and VPN anomalies, and added honeytrap concepts for proactive detection.

EDUCATION

ITM SLS Baroda University, Vadodara, Gujarat | B.Tech, Computer Science Engineering | July 2023 – June 2027

Shreyas Vidyalaya, Vadodara, Gujarat | Higher Secondary Education, Science Stream | June 2021 – May 2023

CERTIFICATIONS

- JavaScript (Intermediate), HackerRank
- 3 Day AI Masterclass, OutSkills
- AI Productivity Skills, Microsoft & LinkedIn
